

AGENT LIST GUIDELINE

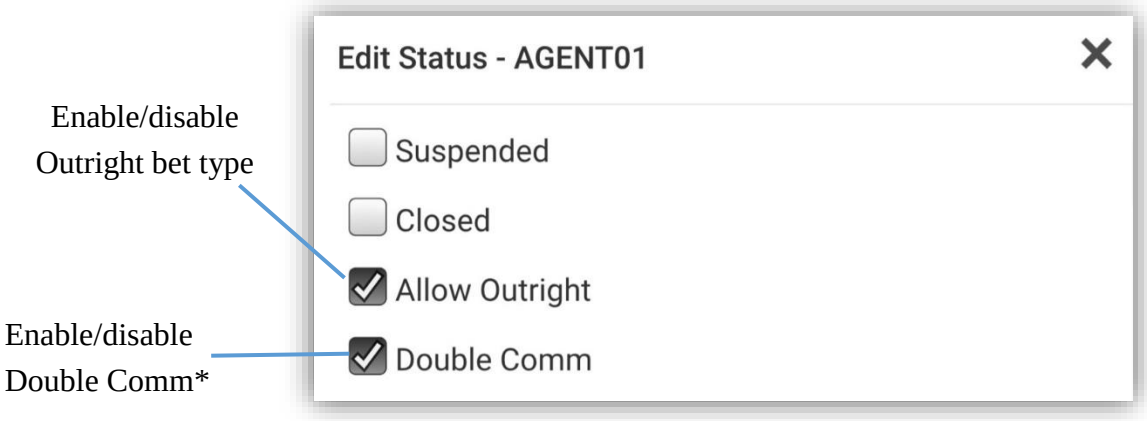

Agent List displays a list of all downline agents and members together with theirs information and settings (general info, bet settings, commissions, etc.). Therefore, you can have a better overview of downline's settings and able to configure those settings easier. Furthermore, you can also drill down to Member List and view their daily statement report.

1. **Search**: You can search a downline account by entering Username or First/Last Name, together with account status (All, Open, Suspended, Closed, Disabled) or Double Comm status (All, Allowed, Disallowed), then click **Submit** button.

2. **Status**: Display the status of downline (Suspended, Closed, Allow Outright, Double Comm)

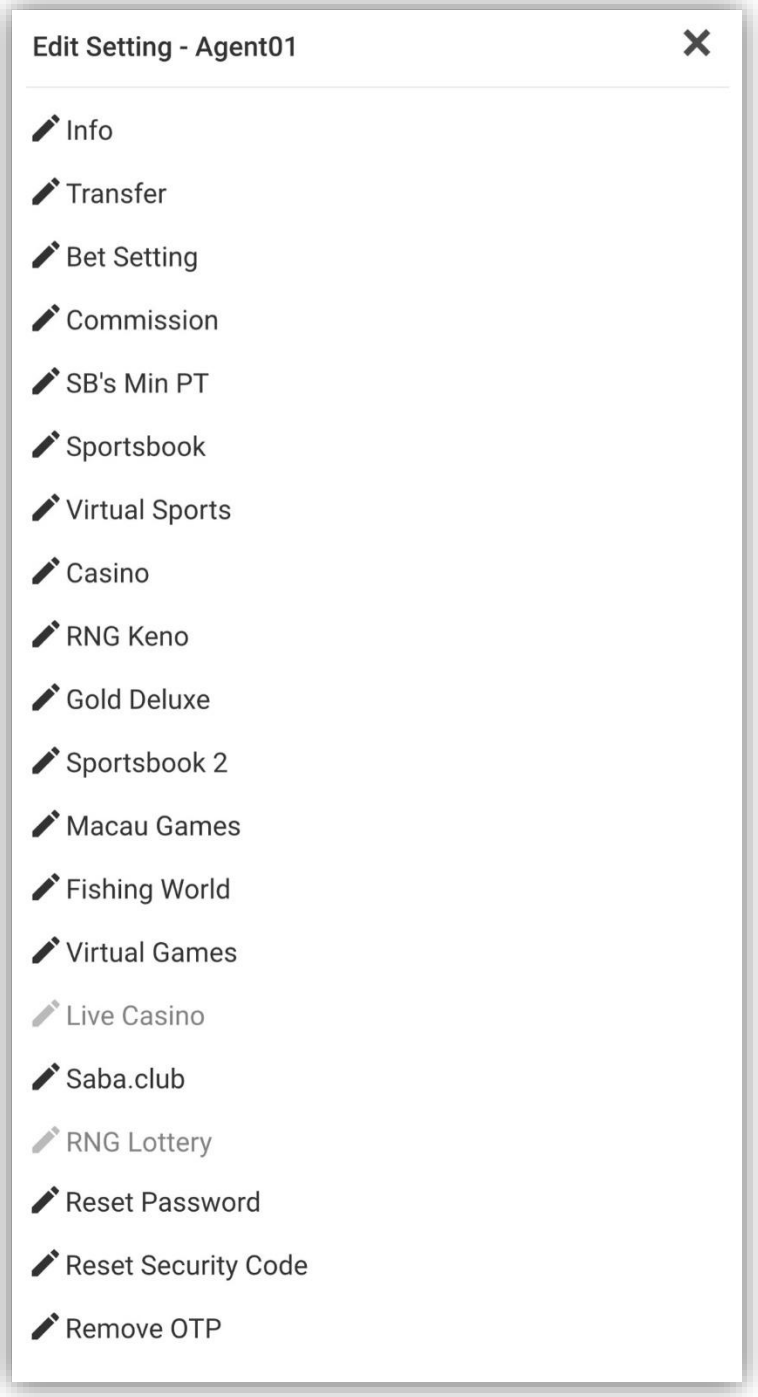

**** Double Comm**: The commission for losing tickets of member will be doubled up and the commission for winning tickets of member will be none*

3. **Statement:** View Daily Statement report of selected downline.

4. **Select All/None**: Quickly select/de-select all downlines in current page.

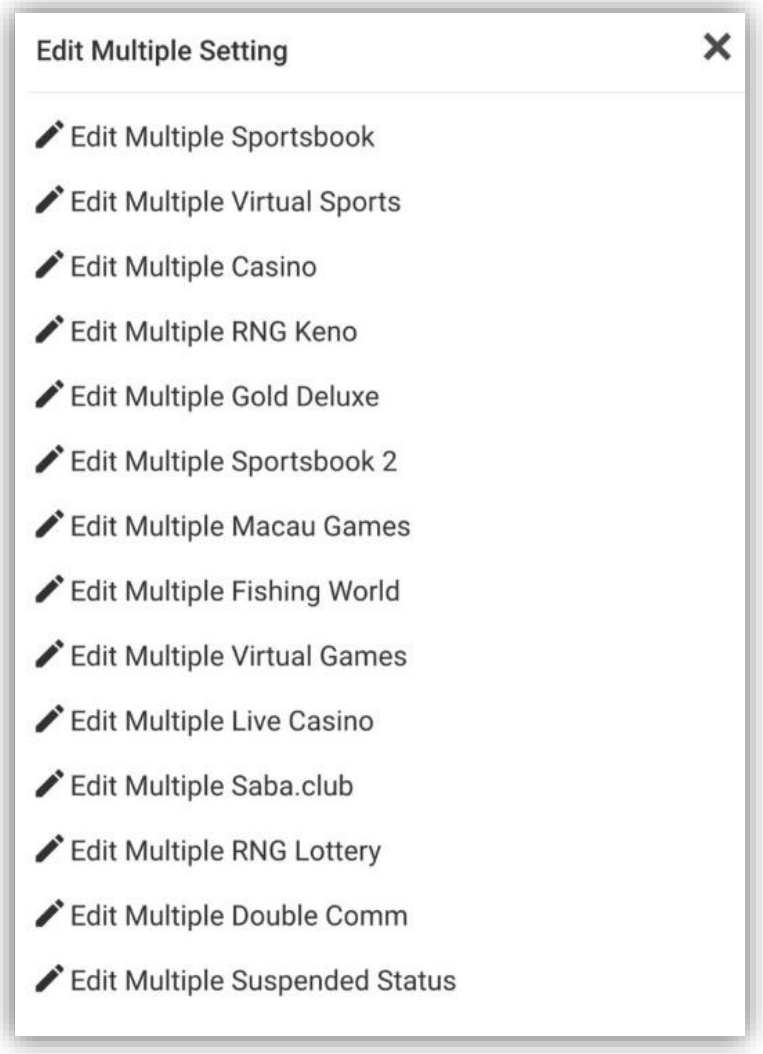

5. **Single Update**: View/edit general information and all settings (commission, bet setting, position taking) of selected downline.

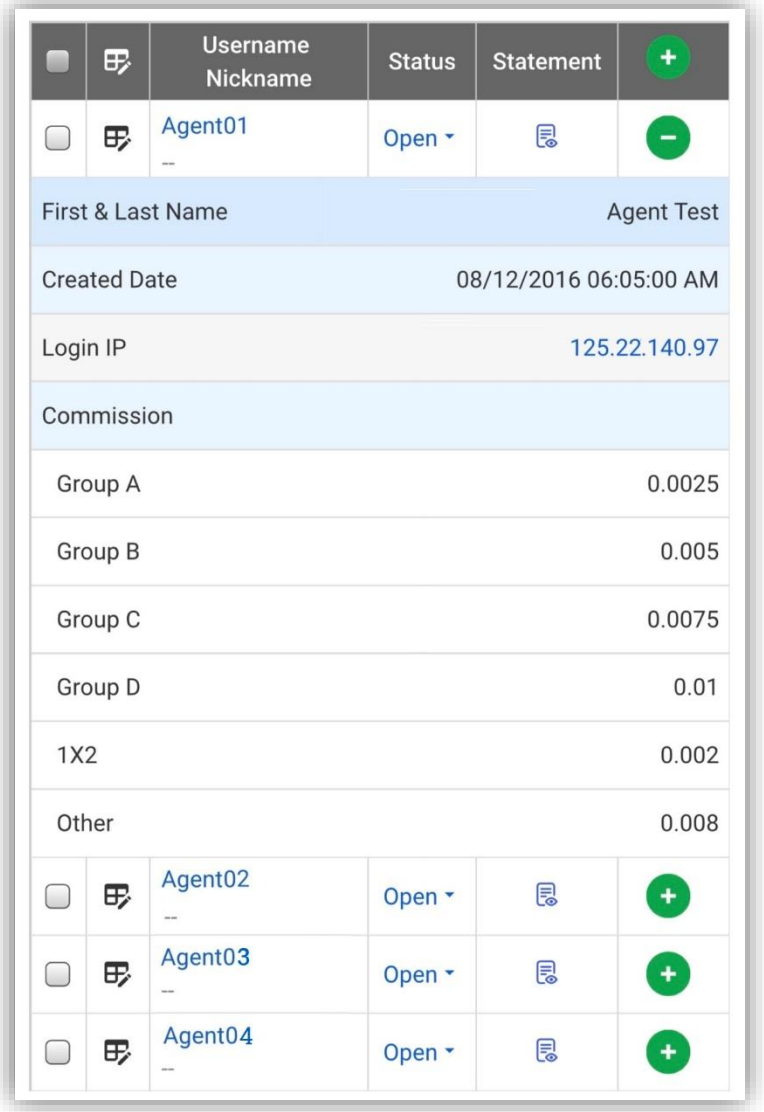

- : allowed product
- : disallowed product

* ***Note****: If any sport/bet type of a product is disabled, that product will be greyed out as disallowed product.*

6. **Multiple Update**: View/edit general information and all settings (commission, bet setting, position taking) of multiple downlines. After an edit option is selected, the settings of selected downline located on top of the selected list will be used as default and displayed. After editing, all selected downlines will have the same settings.

7. **Expand/collapse**: View more details of selected downline.

8. **Member List**: Click an Agent username to drill down to Member List.
