

CREATE MULTIPLE ACCOUNTS GUIDELINE

1. Introduction

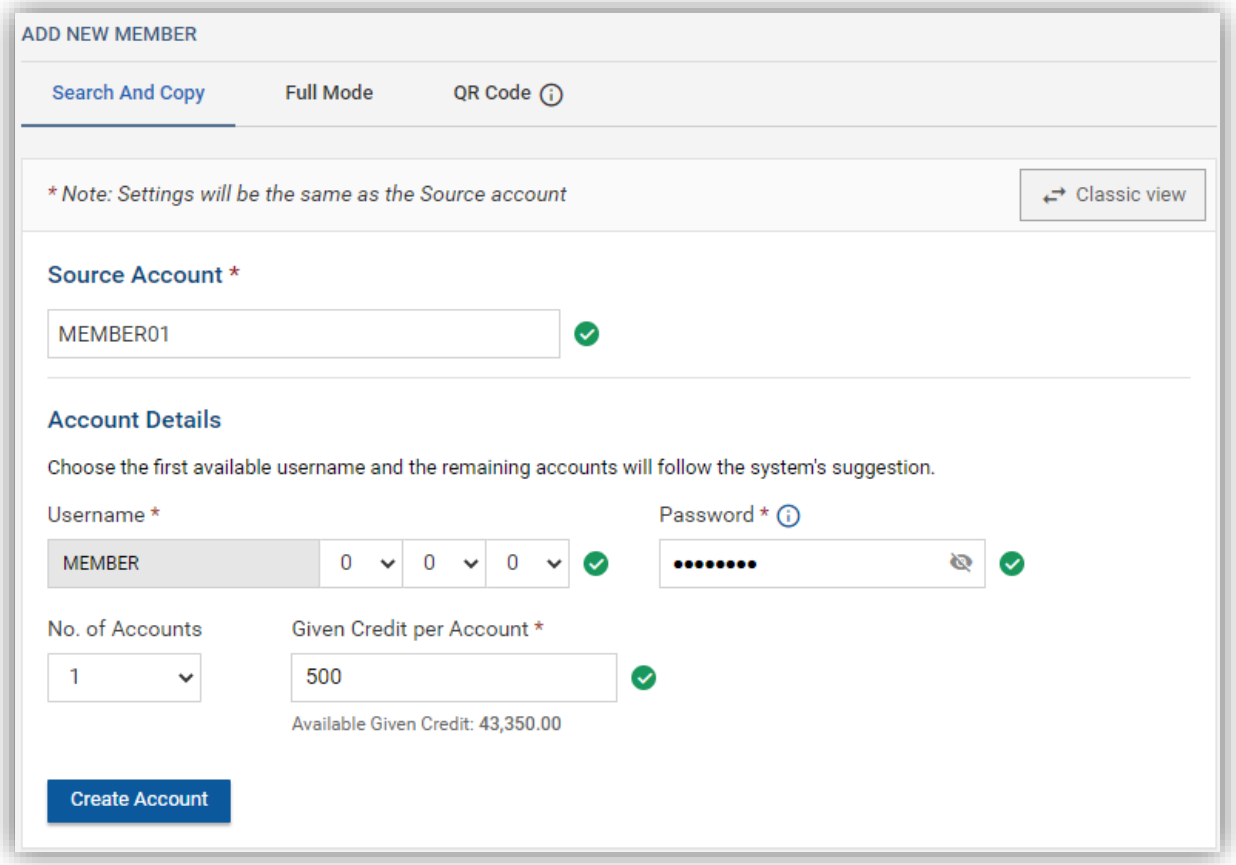

Previously, users were only able to create one downline account at a time, which was time-consuming. With the new **Create Multiple Accounts** feature, you can easily create several accounts at once, providing more flexibility and convenience.

2. Create Multiple Accounts instructions

To access Create Multiple Accounts, go to **Main Menu > Member Information > New Member**, then click **New View**:

After that, you will see **Search & Copy (New View)**:

- **Source Account**: find a Source Account to copy settings for your new accounts.

- **Username**: choose the first available username and the remaining accounts will follow the system's suggestion.

  For example:

  – Given that the first available username is **MEMBER 0 0 0**, and you want to create 3 accounts.

  – The usernames of the remaining accounts will be **MEMBER 0 0 1** and **MEMBER 0 0 2**.

  – If MEMBER 0 0 2 is not available, **MEMBER 0 0 3** will be used.

- **Password**: set a common password for all your new accounts. You can hover on **Password Requirement** ⓘ to see the password guideline.

- **No. of Accounts**: select the number of accounts that you want to create. You can create up to 10 accounts.

- **Given Credit per Account**: enter the Given Credit for each account.

After filling in the information, click **Create Account**, and you will see the following screen:

You can click on **Create More** to repeat the Create Multiple Accounts process. Also, you can click **Copy** to copy the usernames of your new accounts.

If you need to edit/configure settings for the new accounts, go to **Main Menu > Member Information > Member List**.
