

MEMBER LIST GUIDELINE

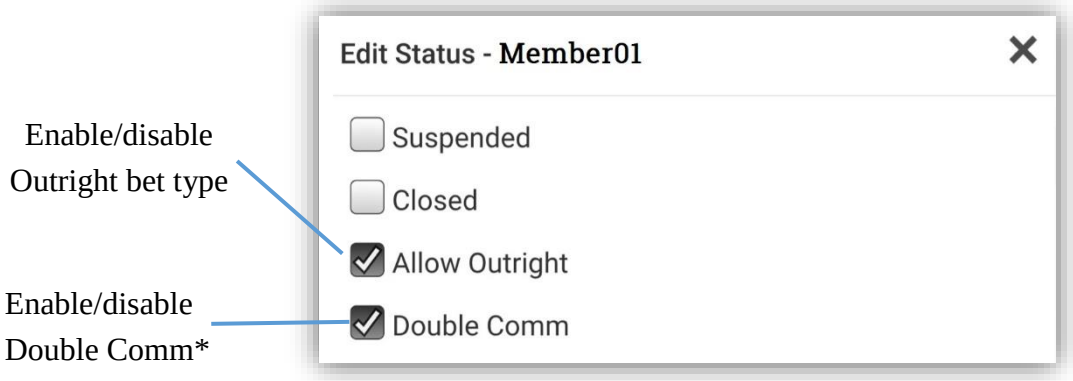

Member List displays a list of all downline members together with theirs information and settings (general info, bet settings, commissions, etc.). Therefore, you can have a better overview of member's settings and able to configure those settings easier. Furthermore, you can also view member's daily statement report.

1. **Search**: You can search a member account by entering Username or First/Last Name, together with account status (All, Open, Suspended, Closed, Disabled) or Double Comm status (All, Allowed, Disallowed), then click **Submit** button.

2. **Status**: Display the status of member (Suspended, Closed, Allow Outright, Double Comm)

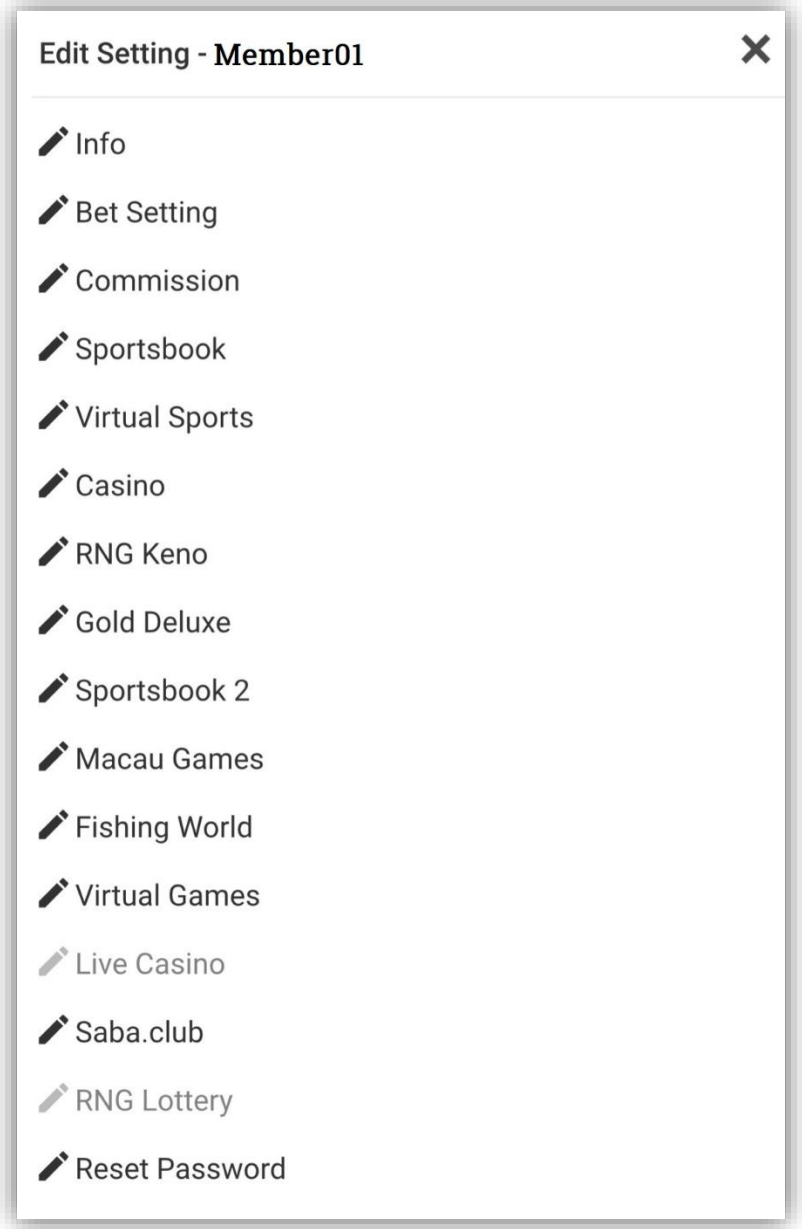

**** Double Comm**: The commission for losing tickets of member will be doubled up and the commission for winning tickets of member will be none*

3. **Statement:** View Daily Statement report of selected member.

4. **Select All/None**: Quickly select/de-select all members in current page.

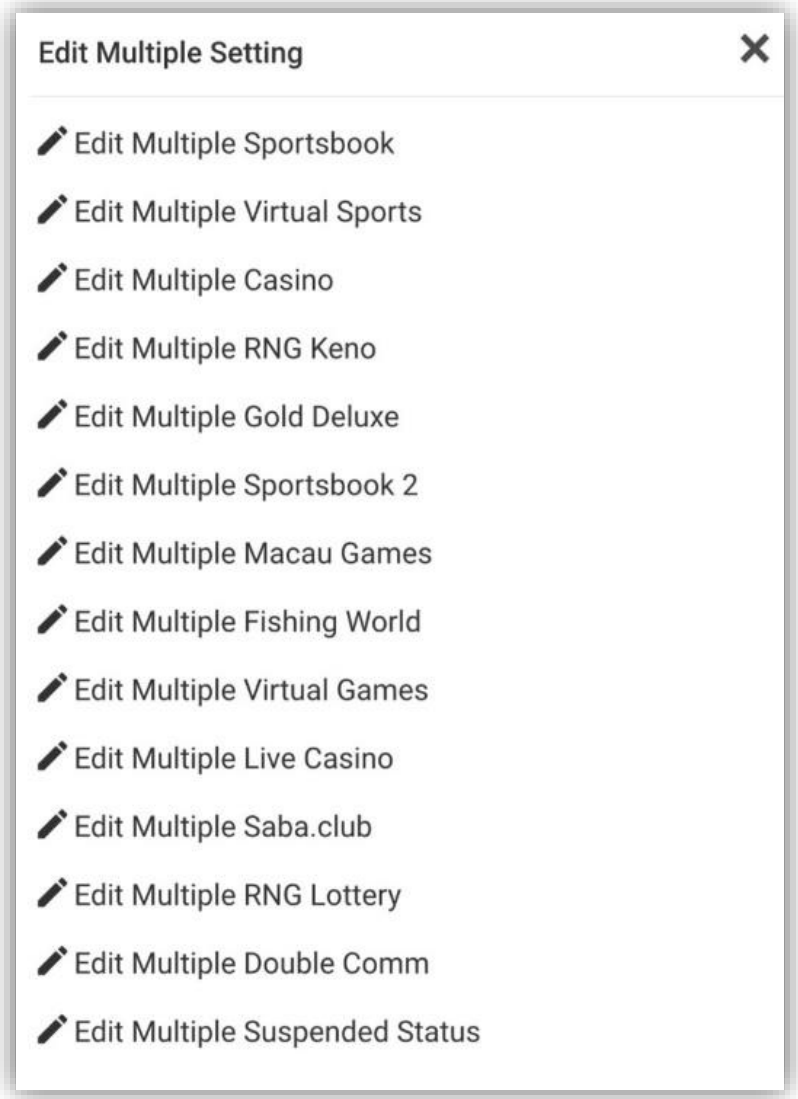

5. **Single Update**: View/edit general information and all settings (commission, bet setting, position taking) of selected member.

- : allowed product
- : disallowed product

** **Note**: If any sport/bet type of a product is disabled, that product will be greyed out as disallowed product.*

6. **Multiple Update**: View/edit general information and all settings (commission, bet setting, position taking) of multiple members. After an edit option is selected, the settings of selected member located on top of the selected list will be used as default and displayed. After editing, all selected members will have the same settings.

7. **Expand/collapse**: View more details of selected member.
